TERMS, CONDITIONS OF SALE, SUGGESTIONS, ETC.

(Please Read Carefully)

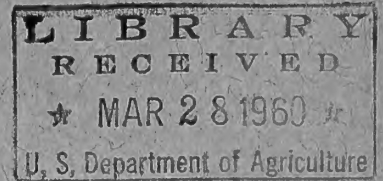

Offered herein you will find a wide selection of outstanding Daffodils, - many of the finest recent introductions, as well as the best of the older varieties; also a select list of Dutch Iris, Hyacinths, Tulips (an 'out of this world' list of these)*, and other Spring-flowering bulbs. All are best quality, top-size bulbs, from my fields, or from the leading and most reliable growers in Oregon, Great Britain, and Holland, - mostly the latter three this year, as I am digging only a very few of mine.

A large number of Messrs. Richardson's and Wilson's originations, and some of Mr. Dunlop's, are listed; I can supply many more, at their retail prices, - with no discount, - with bulbs of their own growing (orders for most of their varieties which are listed will also be filled with bulbs secured from these growers. Incidentally, the cost for postage charges will be less, than when these bulbs are ordered direct from Ireland. Also, all the varieties you want from these and other growers, can be included in this one order, - instead of a half dozen or so, and you will not have to bother to get a U.S. Dept. of Agriculture Permit, to import them.

You will note that my prices, as given in this List, are somewhat higher than those of these Irish growers, but the discounts which I allow for early orders, in cash or extra bulbs (varieties of your selection) will take care of this, so that on good sized orders of the higher priced varieties, the prices will be practically the same. These discounts, on orders of various sizes, are given on the order sheet, which is enclosed, - unless you have gotten this List thru your local Garden Club, which is planning to get up a bulb order, in which case the Club gets the discount.

You will find a number of Daffodils formerly listed, now omitted from this List; some are unavailable this year, some are too susceptible to basal rot, and others have been superceded by better varieties. However, if some of your favorites which you would like to order have been left out, please inquire about them, - I still may be able to supply them. Likewise, with any missing Tulips.

* (see pages 9-12, - and you don't know what you are missing without a yard full of Tulips).

ROYAL HORTICULTURAL SOCIETY OF LONDON
C L A S S I F I C A T I O N of D A F F O D I L S

DIVISION 1. Trumpet Narcissi : one flower to the stem, with the trumpet as long as, or longer than the perianth segments (petals).

Examples - King Alfred, Preamble, Mt. Hood.

- (a) Perianth colored (varying shades of yellow; trumpet colored also, - NOT paler than the perianth.
- (b) Perianth white; trumpet colored (some shade of white, usually).
- (c) Perianth and trumpet white, - or nearly so.
- (d) Any other color combination, - such as the the trumpet being lighter in color than the perianth.

DIVISION 2. Large-cupped Narcissi : one flower to the stem; crown MORE than one-third, to nearly the length of the perianth segments.

Examples - Galway, Green Island, Kilworth.

- (a), (b), (c), and (d) as in Division 1., - except in (a) the colored crowns may be yellow, orange, red, etc., and in (b) wholly or in part, yellow, orange, red, pink, buff, apricot, etc., etc.

DIVISION 3. Small-cupped Narcissi : one flower to the stem; cup LESS than one-third the length of the perianth segments.

Examples - Mangosteen, Matapan, Chinese White.

- (a), (b), (c) as in Divisions 1. and 2.

DIVISION 4. Double varieties.

DIVISION 5. Triandrus Narcissi, of Garden origin : usually three (sometimes more, or less) white, creamy white, or pale yellow flowers per stem.

Examples - Thalia, Stoke, Silver Chimes.

- (a) Cup, or corona, NOT less than two-thirds the length of the perianth segments.
- (b) Cup, or corona, IS less than two-thirds the length of the perianth segments.

DIVISION 6. Cyclamineus Narcissi, - of Garden Origin : medium size or smaller flowers, usually with reflexed petals.

Examples - February Gold, Dove Wings, Beryl.

- (a) and (b) as in Division 5.

DIVISION 7. Jonquilla Narcissi, - of Garden origin : usually golden yellow, more or less fragrant, and with one to three or more flowers per stem.

Examples - Hathor, Golden Perfection, Cherie.

- (a) and (b) as in Divisions 5 and 6.

DIVISION 8. Tazetta Narcissi, - of Garden Origin : mostly Poetaz Hybrids, with three to six or more, more or less fragrant florets per stem.

Examples - Geranium, Martha Washington.

DIVISION 9. Poeticus Narcissi, - of Garden origin : the Poet's Narcissi, - snow-white petals, and red-rimmed cups, or eyes. Example - Actaea.

DIVISION 10. Species and wild forms : Examples - Jonquilla single, Odorus C. Plenus.

DIVISION 11. Miscellaneous, - those not falling in any other group.

D A F F O D I L S H O W

The 26th. Annual Daffodil Show of the Garden Club of Virginia, will be held in Charlottesville, at the Farmington Country Club, April 6th. and 7th. A visitor there of interest will be Mrs. J. Lionel Richardson, of Waterford, Ireland.

GIFT ORDERS : If you would like to give some bulbs to a friend, as a gift, just send me the amount you wish to spend (minimum 3.50), and I will send Gift Certificate and Price-list to the person to be remembered, - so they can select the varieties desired, (unless you wish to do this yourself.)

TERMS, CONDITIONS, ETC., (cont.)

PLEASE, place your order EARLY, - this Spring. Stocks of many varieties offered are limited, and many varieties, - in Tulips and other bulbs, as well as Daffodils, - will have to be ordered especially for you. Therefore it is important that your order be received at the earliest possible date, - not later than May 15th. Also, your order must be in by this date, if you wish to receive full benefit of the discount, - offered on the order-sheet.

The Daffodils are priced per bulb, with 12 for the price of 10, 6 for the price of 5, and 3 for $2\frac{1}{2}$ times the each price; 100 for 70 times the single bulb price. No further discount in cash is allowed on any bulbs purchased at the 100 rate.

DELIVERY will be made at planting time, as early in September as possible, with Northern orders going first. Please add a sufficient amount for postage, using the following table to ascertain this amount - - -

QUANTITY (Daffodils)	Zones 1 & 2 (to 150 mi.)	Zones 3 & 4 (to 600 mi.)	Zones 5 & 6 (to 1400 mi.)
$\frac{1}{2}$ doz. (or less)	.30	.35	.45
Each additional half-dozen	.08	.12	.20

(Hyacinths weigh about the same as Daffodils; Tulips, $1\frac{1}{2}$ doz. weigh about the same as $\frac{1}{2}$ doz. Daffodils; Crocus, and the other small bulbs, figure 3 doz. equal to $\frac{1}{2}$ doz. Daffodils). If too much is sent for postage, - an appreciable amount, - extra bulbs will be sent for same.

I exercise every care in keeping stock true to name, and purchase bulbs only from other growers who do the same; however, should any prove otherwise, they will be replaced. Likewise, to the best of my knowledge, only sound healthy bulbs are sent out; any which might fail to come up and grow the first season, will be replaced, but I cannot accept responsibility for their behaviour beyond that, as this is determined by circumstances and conditions beyond my control. Also, I very seldom substitute without permission, and then usually only late in the season, - on orders where I am almost certain that it will not be objected to, - with better and higher priced varieties (always correctly labeled).

ROYAL HORTICULTURAL SOCIETY Classified List of Daffodil Names, latest (1958) edition, - \$1.00, postpaid.

* * *

"BLUE RIBBON WINNERS" : in the interests of saving space, and cutting costs, this section has been omitted this year. However, you will find most of these varieties designated as Show-flowers by the letter 's' preceding the name, in the list of Choice Daffodils, beginning on this page. If you need this List, as given last year in my List, I will be glad to send same to you; - also the 'Cultural Notes', if desired, which too have currently been left out.

CHOICE DAFFODILS

In the following list, the number and letter preceding the variety name denotes the Class (or Division) to which this variety belongs; - see the R.H.S. Classification of Daffodils, on page 2.

Varieties marked with an asterisk (*) are especially recommended for cutting, and landscape use. They are strong-growing, free-flowering, and priced so that they may be used in quantity; (100 may be had for 70 times the single bulb price). An 's' before the name denotes that this is a Show flower, - one which should, if well grown, win Blue Ribbons for you, in fairly stiff competition.

The abbreviated names, in parentheses, where used, are those of the originators of those varieties. The letters following, give the approximate blooming time, - EE, extra early; E, early; EM, early midseason; M, mid-season; LM, late mid-season; L, late; LL, extra late.

9	*ACTAEA (LUBBE)(LM)	LARGE OUTSTANDING POETICUS	.25
1C	*ADA FINCH (E)	LARGE EARLY WHITE TRUMPET	.25
2A	*ADVENTURE (EM)	ALL YELLOW; LARGE CROWN, LONG STEM	.25

T U L I P S

A SELECT LIST OF THE FINEST IN TULIPS, INCLUDING MANY RECENT NEW INTRODUCTIONS. TOP-SIZE, BEST QUALITY BULBS FROM HOLLAND'S LEADING GROWERS. PRICED PER DOZEN (NO LESS THAN \$0.07. OF A VARIETY SOLD), WITH 100 FOR SEVEN TIMES THAT PRICE. TULIPS, HYACINTHS ETC. SHOULD BE PLANTED IN QUANTITY, FOR MASS EFFECT, - PREFERABLY SEVERAL DOZEN OR MORE OF A VARIETY. THEY ARE NOT AS LASTING AS DAFFODILS, BUT THEY COST LESS, SO YOU CAN AFFORD A NEW PLANTING EVERY 2 OR 3 YEARS. APPROXIMATE HEIGHT, IN INCHES, GIVEN AFTER THE NAME.

LISTED FIRST ARE THE RECENT INTRODUCTIONS OF J.J.GRULLEMANS & SONS, OF LISSE, HOLLAND. THE IDEAL DARWINS ARE A NEW AND LARGER STRAIN, COMBINING MARVELOUS COLOR VARIATION, PERFECT SHOW FORM, AND REMARKABLE LASTING QUALITIES. THE SAME CAN BE SAID OF THEIR TULIPS OF OTHER TYPES, LISTED AFTER THE IDEAL DARWINS.

SCILLAS

SCILLAS, - OR SQUILLS, - ARE EXCELLENT IN ROCK GARDENS, SCATTERED OR IN CLUMPS WITH SHRUBBERY, UNDER TREES, ETC., ETC. THE BULBS, WHICH LOOK LIKE SMALL HYACINTH BULBS, INCREASE RAPIDLY, ARE HARDY, AND WILL LAST FOR YEARS. THE SIBIRICAS ARE EARLY BLOOMING, AND QUITE SMALL, - SPRING BEAUTY IS THE LARGER, BUT STILL ONLY AROUND 6 INCHES, - WHILE THE CAMPANULATAS (OR WOOD HYACINTHS) ARE TALLER, UP TO 18 INCHES, AND LATER BLOOMING, - USUALLY WITH THE LATE TULIPS. THEIR SLENDER SPIKES SOMEWHAT RESEMBLE HYACINTHS, AND THEY COME IN DIFFERENT SHADES OF BLUE, PINK AND WHITE. THEY PREFER PARTIAL SHADE, AND SO ARE RIGHT AT HOME UNDER SHRUBBERY AND TREES, EVEN PINES AND HEMLOCKS.

CAMPANULATA, BLEU CELESTE	LIGHT BLUE	.60
"	EXCELSIOR	DEEP BLUE .55
"	PEACH BLOSSOM	SOFT ROSE .60
"	QUEEN OF THE PINKS	DEEP PINK .45
"	WHITE TRIUMPHATOR	LARGE PURE WHITE .60
